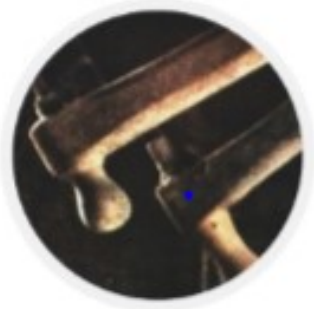
CARPENTRYCON 2018

carpentrycon.org

What is CarpentryCon?

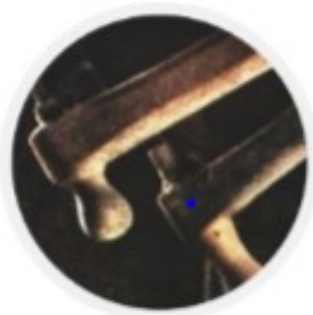


CarpentryCon is the key community-building and networking event in Software and Data Carpentry's annual calendar of activities. This event will bring together new and more experienced community members to share knowledge, network and develop new skills. The conference theme is "Building Globally, Connecting Locally".

When and where will it be held?

CarpentryCon will be held from 30 May – 1 June, 2018, at University College, Dublin, Ireland. Since this will be an international event, we hope to be able to offer travel scholarships to facilitate attendance.

Who is organizing CarpentryCon?



Software and Data Carpentry (The Carpentries) are jointly organizing this event. The Carpentries are non-profit organizations who teach foundational computational and data science skills to researchers. *Vist https://software-carpentry.org/ and http://www.datacarpentry.org/*
